

DISHANT SINGH

+91 9174775021 | dishantsinghom@gmail.com | [LinkedIn](#) | [Github](#)

EDUCATION

- **Madhav Institute of Technology & Science**, India
BTech(Internet Of Things),2024

CGPA:8.2

Coursework: Data Structure, Design, and Analysis of Algorithms, Operating System, DBMS

PROJECTS

- [-Airbnb clone](#) | Nodejs,Expressjs, MongoDB

- Developed a fully functional Airbnb clone using the MERN stack.
- Implemented image uploading feature for property listings.
- Secured the application with user authentication and authorization.
- Utilized MongoDB for data storage and React for the frontend interface.

- [Book My Show Clone](#) | React, Tailwind

- Created a frontend clone of BookMyShow, showcasing movie information and cast details using themoviedb API.
- Utilized Tailwind CSS as the UI framework, ensuring an aesthetically appealing and responsive design.
- Deployed the application on Vercel, ensuring accessibility to a wide audience on the web.

- [File Sharing Application](#) | React, Nodejs, Expressjs, MongoDB

- A Full stack web application which allows user to upload a file on server using React at frontend
- Used MongoDB to store file information, including its path and unique ID, ensuring efficient data management.
- Implemented a file-sharing feature generating a sharable URL for easy internet-based downloads

TECHNICAL SKILLS

- Languages: C/C++, Javascript
- Technologies : HTML, CSS,, React , Tailwindcss, Nodejs, Expressjs,MongoDB, Linux, Docker
- Developer Tools: VS Code, Git, Postman

HONORS AND AWARDS

- **LeetCode Problem Solver** Successfully solved over 100 coding questions on LeetCode, a popular platform for technical interview preparation.
- **Hackathon** certificate of Participation in a state-level hackathon organized by RGPV .
- **Full-stack web development:** Certificate of course completion in Full-stack web development by Devtown.
